INDEPENDENT AUDITOR'S REPORT

To: the Unitholders of "AMUNDI-ACBA ASSET MANAGEMENT" CJSC Balanced Pension Fund

We have audited the accompanying financial statements of "AMUNDI-ACBA ASSET MANAGEMENT" CJSC Balanced Pension Fund, which comprise the balance sheet as at December 31, 2015, the off balance sheet as at December 31, 2015, and the income statement for the year then ended, and a summary of significant accounting rules and methods and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with French Generally Accepted Accounting Principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting rules and methods used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of "AMUNDI-ACBA ASSET MANAGEMENT" CJSC Balanced Pension Fund as at December 31, 2015, and its financial performance for the year then ended in accordance with French Generally Accepted Accounting Principles.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

1. ACCOUNTING RULES AND METHODS

The annual financial statements are prepared in accordance with French Generally Accepted Accounting Principles (French GAAP). The annual financial statements are presented as provided by the ANC Regulation 2014-01 repealing Regulation CRC 2003-02 as amended.

The following General accounting principles apply, viz.:

- fair picture, comparability, ongoing business,
- proper practice & trustworthiness,
- prudence,
- no unreported change in methods from one period to the next.

Revenues from fixed-yield securities are recognized on the basis of interest actually received. Acquisitions and disposals of securities are recognized at cost.

The accounting currency of the portfolio is the ARMENIAN DRAM (AMD). Percentage holdings and positions in the financial statements are presented as percentage of net assets as at reporting date (%).

The accounting period reported on is the year ended December 31, 2015. The Manager of the Fund is “AMUNDI-ACBA ASSET MANAGEMENT” CJSC. The Fund administration is carried out by CACEIS Fund Administration. The custodian and the registrar of participants is the Central Depository of Armenia OJSC.

ASSET VALUATION RULES:

Financial instruments are initially recognized at historic cost and carried on the Balance Sheet at their current value: this is their latest known market value or, in the absence of a market, is determined by any external means or by recourse to financial models.

Differences between the securities' current values determined as above and their original historic cost are recognized in the accounts as “differences on estimation”. Transactions with securities are recorded at trade date.

Securities denominated in a currency other than that of the portfolio are valued in accordance with the above principle and then converted into the currency of the portfolio at the exchange rate obtained on the valuation date.

Deposits:

Deposits are valued according to the linear method.

Equities, bonds and other securities traded in a regulated market or equivalent:

When calculating the NAV, the equities and other securities traded in a regulated market or equivalent are valued based on the day's closing market price.

Bonds and similar securities are valued at the closing price notified by various financial service providers. Interest accrued on bonds and similar securities is calculated up to the date of asset valuation.

Equities, bonds and other securities not traded in a regulated market or equivalent:

Securities not traded in a regulated market are valued by the Fund Manager using methods based on net equity and yield, taking into account the prices retained in significant recent transactions.

Negotiable credit instruments (Notes):

Negotiable credit instruments, which are not actively traded in significant amounts, are actuarially valued on the basis of a reference rate as specified below, plus any enhancement to represent the issuer's intrinsic characteristics:

Notes maturing in one year's time or less: euro interbank offered rate (Euribor);

Notes maturing in more than one year's time: the prevailing rate on medium-term interest-bearing Treasury notes or, for the longest Notes (BTAN), on near-term fungible Treasury bonds (OAT);

Negotiable credit instruments maturing in three months or sooner may be valued according to the linear method.

Armenian Treasury notes are valued using the market rate published daily by the Central Bank of Armenia.

UCITS held:

UCITS units or shares are valued at the latest known NAV.

Temporary transactions in securities:

Securities held under sell-back deals are carried in Assets under “credits for securities held under sell-back deals” at the amount provided for in the contract, plus accrued interest receivable.

Securities sold under buy-back deals are booked to the buying portfolio at their current value. The corresponding debt is booked to the selling portfolio at the value set in the contract plus accrued interest payable.

Loaned securities are valued at their current value and carried in Assets under “credits for loaned securities” at their current value plus accrued interest receivable.

Borrowed securities are carried in Assets under “borrowed securities” at the amount provided for in the contract, and in Liabilities under “debts for borrowed securities” at the amount provided for in the contract plus accrued interest payable.

Hedges:

Hedges traded in a regulated market or equivalent:

Hedge instruments traded in regulated markets are valued at the day’s settlement price.

Hedges not trades in a regulated market or equivalent:

Swaps:

Rate swaps and/or forward currency transactions are valued at their market value according to the price calculated by discounting future interest streams at market interest (and/or exchange) rates. This price is adjusted for default risk.

Index swaps are valued actuarially on the basis of a reference rate provided by the counterparty.

Other swaps are valued at their market value or are estimated as specified by the Fund Manager.

Off-Balance Sheet Commitments:

Firm hedging contracts are stated among “Off-Balance Sheet Commitments” at their market value at the rate used in the portfolio. Conditional hedges are converted into their underlying equivalents.

Swap commitments are stated at their nominal value or at an equivalent amount, where there is no nominal value.

Management fees:

Management fees are calculated on the net asset value of the Fund. These fees are imputed to the fund’s Income Statement. Management fees are paid in full to the Fund Manager, which bears all the fund’s operating costs, except for audit fees and guarantee fund payments. The management fees do not include dealing costs. Management fee is calculated at 1.3% including any applicable taxes.

Allocation of net profit:

The net profit (loss) for the period is the total of interest, arrears, premiums, allotments and dividends, plus income on ready cash, minus management fees and financial charges. Latent or realized capital gains or losses are not counted as revenue; nor are subscription/redemption fees.

The amounts available for distribution are the net profit for the period, plus any sums brought forward, plus or minus the balance of any revenue adjustment accounts relating to the financial period in question.

Equalization of units issued during the period:

Revenue adjustment:

All holders should receive the same per unit distributable income, whatever the date of their subscription. A corrective mechanism, recorded in the account “Revenue adjustment” neutralizes the effect of subscriptions and redemptions on income per unit. At each calculation of net asset value, the Fund determines distributable income. The unit performance is not affected by the subscriptions and redemptions. The revenue adjustment mechanism ensures neutrality of subscriptions and redemptions on the distributable income per unit.

Gains and losses:

The net realized gains (deducted from management fees and realized losses) from the financial year will increase the same type of net realized gains from earlier financial years, if the fund hasn't distributed or accumulated its gains and will also increase or reduce the equalization accounts for realized gains.

All incomes generated by the Fund's assets, including, but not limited to: realized general capital gains, fixed income securities' interest payments, etc., shall be reinvested in the Fund. No distributions are expected.
